SATURDAY, MAY 5, 1906.

Gov. Bell must be out planting his
 corn.

If you have anything to give for re-
 lieving the sufferings in San Francisco,
 give it today.

Clement finds his counterpart, in part,
 in the person of Gamaliel Bradford,
 who promises to run independently for
 governor of Massachusetts with a plat-
 form of "government reform."

It may seem preposterous that there
 should have been only two fire alarms
 in a city of the size of Barre for five
 months, but such is the case, neverthe-
 less. The fire department, of course, more
 or less it is, telephone calls for the
 chemical fire department, but in only two
 cases has a general
 alarm been rung in. The second gen-
 eral alarm yesterday was entirely need-
 less, as a telephoned call would have
 answered the purpose just as well, the
 services of the fire department not being
 needed.

FINDINGS AT HOUSE OF CORRECTION.

There seems to be no proper compar-
 ison between the conditions found by
 the investigating committee at the state
 prison at Windsor and the house of
 correction at Rutland, and it appears
 that the committee tried to secure all
 possible witnesses to tell of the condi-
 tions at both institutions. We judge
 from the testimony brought out in the

EXPERIENCE OF TWO DECADES

More than 20 years ago the Granite Savings Bank and
 Trust Company introduced the Trust Company into Barre.

It established a Bank for Savings that has been an
 important factor in the progress and increasing wealth
 of Barre.

In making your deposit, consider that this Bank offers
 you this accumulated experience, combining

First—The **OLDEST** Bank for Savings.

Second—The **LARGEST CAPITAL** and **SURPLUS**, for
 the protection of depositors, in the City of Barre.

Capital, - - - - - \$75,000

Additional Liability, - - - - - 75,000

Surplus and Profits, - - - - - 25,000

Total, - - - - - \$175,000

Third—**3½ and 4 per cent interest paid depositors.**

(Beginning July 1 next, the rate on Savings Deposits
 will be increased from 3 to 3½ per cent.)

generally favorable in their criticism of
 treatment accorded by Superintendent
 Morgan, and nothing that could be con-
 sidered as mismanagement on his part
 has been brought out. This is probably
 better than the conditions found at the
 state prison, and when the committee
 publishes its report we shall expect to
 note the assertion that there was little
 to censure in that line. There ought
 to be incorporated in the report of the
 committee, however, some recommen-
 dations regarding regulating the com-
 mitment of prisoners to the institution and
 the conditions of their release, and such
 will probably be done. Another recom-
 mendation that would not be out of
 place in a report of this nature will re-
 late to mileage fees of officers making
 commitments, the so-called "mileage
 graft." We shall expect the committee
 to give the benefit of their investiga-
 tion of this alleged abuse.

On the whole, the report of the house
 of correction will be of an entirely
 different character than the findings at
 the state prison, for in the latter im-
 morality due to lax management was
 the keynote of the criticism, while the
 house of correction seems to have been
 very free from that.

FARMERS

Did you ever think of the advantages a check ac-
 count affords—a perfect receipt—an easy method of
 making change—a complete cash account? You
 probably have, but have said, perhaps, "I can't keep
 a large balance and they won't want to bother with it."

We are looking for YOUR account, be it large
 or small. We furnish the checks—returning them
 when cancelled with a monthly statement of your
 account.
